

Earth Day Facts

Earth Day started back in 1970. It helped the government start regulating things like clean air, clean water, endangered animals, planting of trees, etc.

It takes 500 years for plastic to break down

Aluminum cans take 500 years

Organic materials like cotton, rags, and paper take 6 months

SONG

REDUCE, REUSE, RECYCLE

Reduce, Reuse, Recycle ~ words that we all know.

We have to save our planet so we can live & grow.

We might be only children but we will try, you'll see.

And we can save this planet~ it starts with you & me!

(Song by Mary from Songs4Teachers to the tune of "Eeensy Weensy Spider")
